Forecast For Wales
Issued by Met Office Exeter
at 0400 on Friday 29 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Unsettled and windy with heavy rain at times.

Today:
Rather cloudy with outbreaks of rain, heavy at times, through the morning. It will then gradually becoming drier and brighter through the afternoon with a chance of isolated showers. Feeling much fresher than of late. Maximum temperature 14 deg C (57 deg F).

Tonight:
Showers continuing at first, before a band of wet and windy weather moves in from the west. The rain will be heavy in places, before easing in the west later. Minimum temperature 7 deg C (45 deg F).

Saturday:
Overnight rain will quickly clear the east during the morning, leaving behind a day of sunshine and scattered showers, mainly in the west. Winds also easing, but remaining cold. Maximum temperature 14 deg C (57 deg F).

Outlook for Sunday to Tuesday:
Staying unsettled throughout the period, with further rain, heavy at times, interspersed with some drier and sunnier spells. Often windy, and feeling cold.
